

## How to Join a Blackboard Course

1. On your web browser, type the following: Blackboard.ewu.edu

If you already have a Blackboard account, skip step 2 and go to step 3.

2. On the left side of the Blackboard screen are buttons. Click on the button labeled "create an Account". At a minimum, fill in all the boxes with asterisks next to them.
3. Once again back at the Blackboard front screen, click on the button labeled "Course Catalog". The courses are listed in alphabetical order by course identification, not title/name. Scroll down to the class number and click on the underlined phrase, which is the name of the class.
4. Now you are at the class's Blackboard course main page and you need to enroll. Click on the bottom button on the left side of the screen – "Enroll in this Course". Then enter your password and then click on the "Login" key.
5. Now you are part of the course, so click around on the buttons on the left side of the screen and see what you can see!
