

**“Families finding Peace of Mind”**

**Brian Walker and Brian Mecham**

**April 30, 2007 - pm**

**Attended: 16**

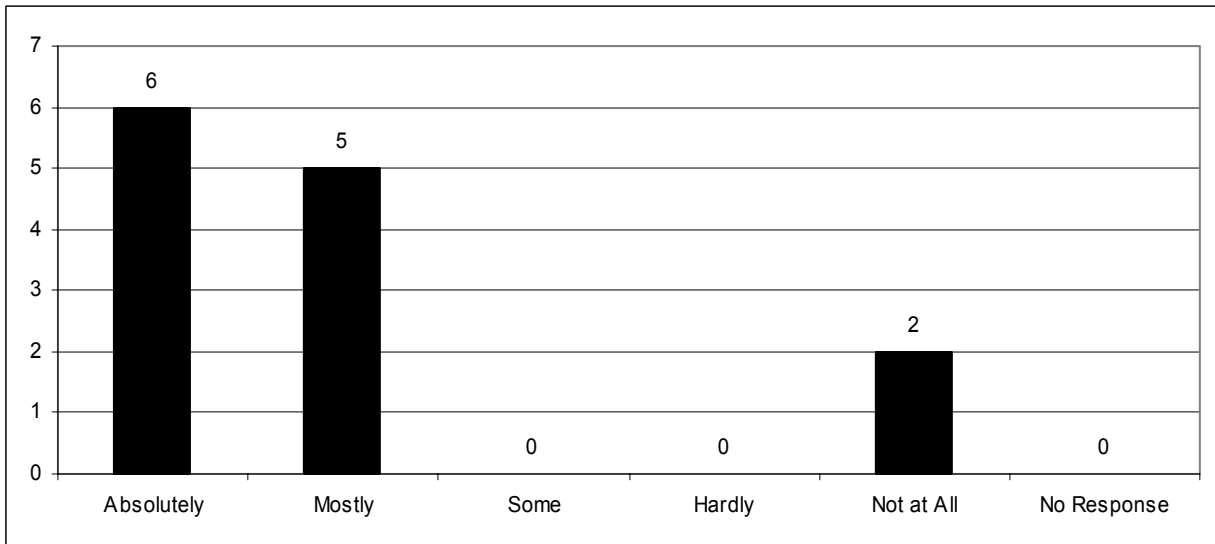

**Number of Evaluations: 13**

**Summary of Individual Workshop Evaluations**

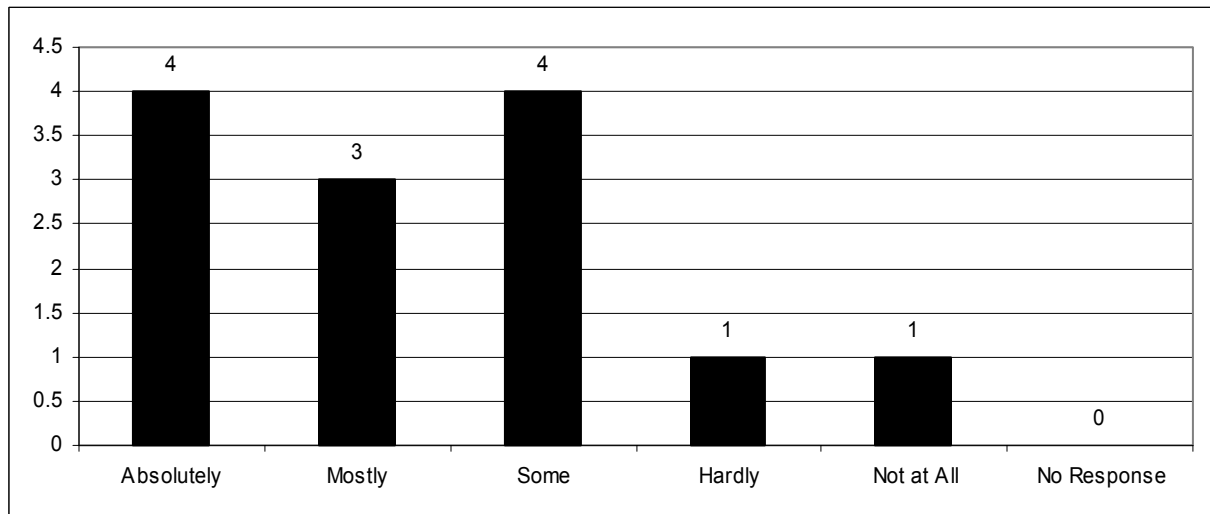

**Training Objectives:**

Participants will:

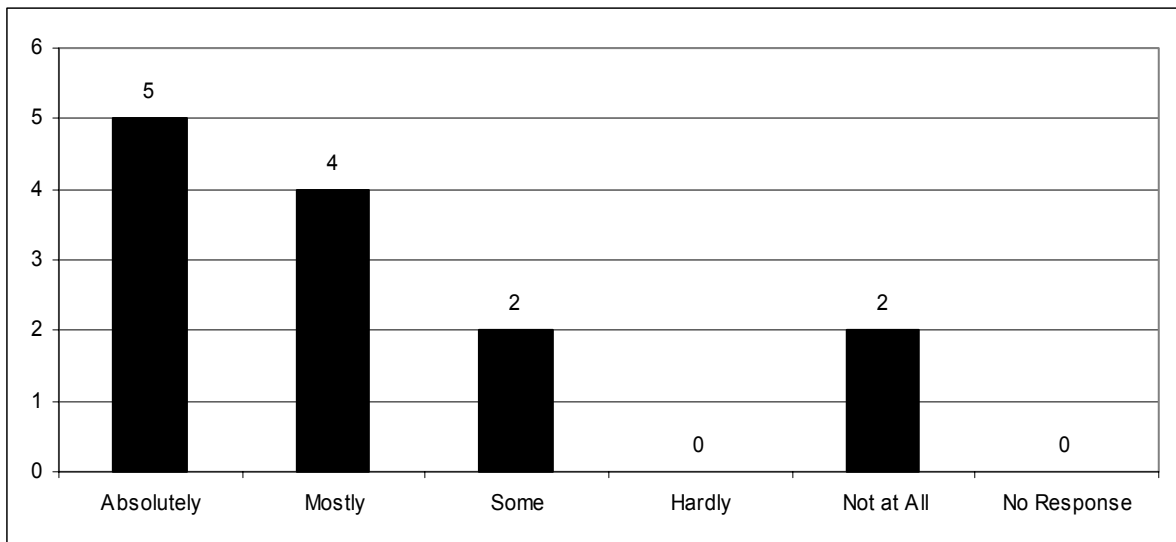

- 1. Identify most common disorders found in detention centers.**

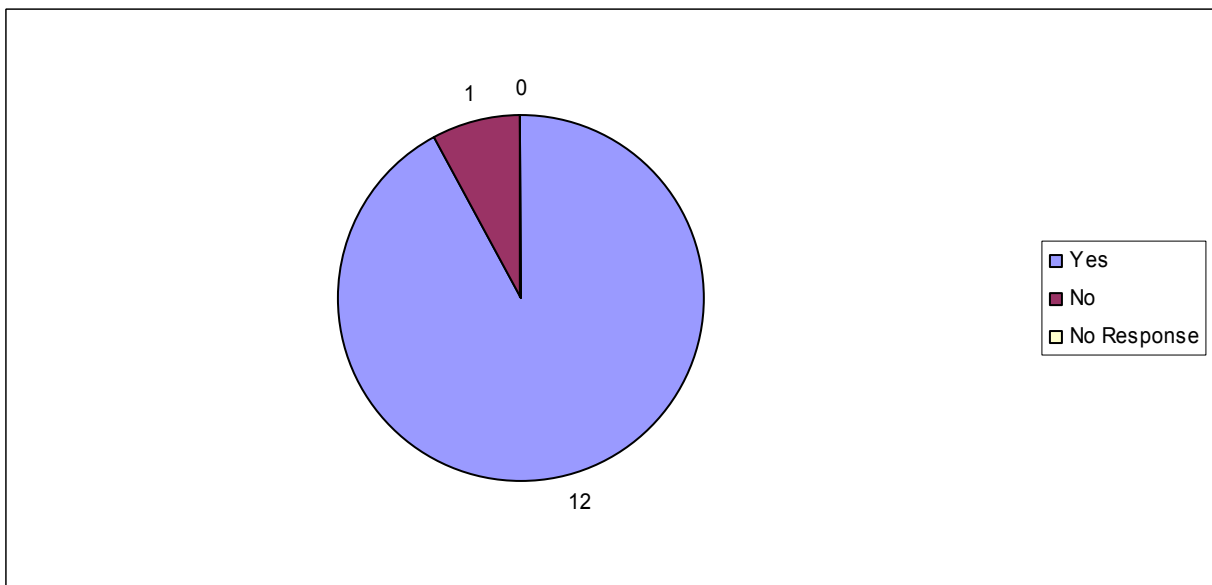

- 2. Understand the criteria for dually diagnosed youth, philosophy and treatment.**

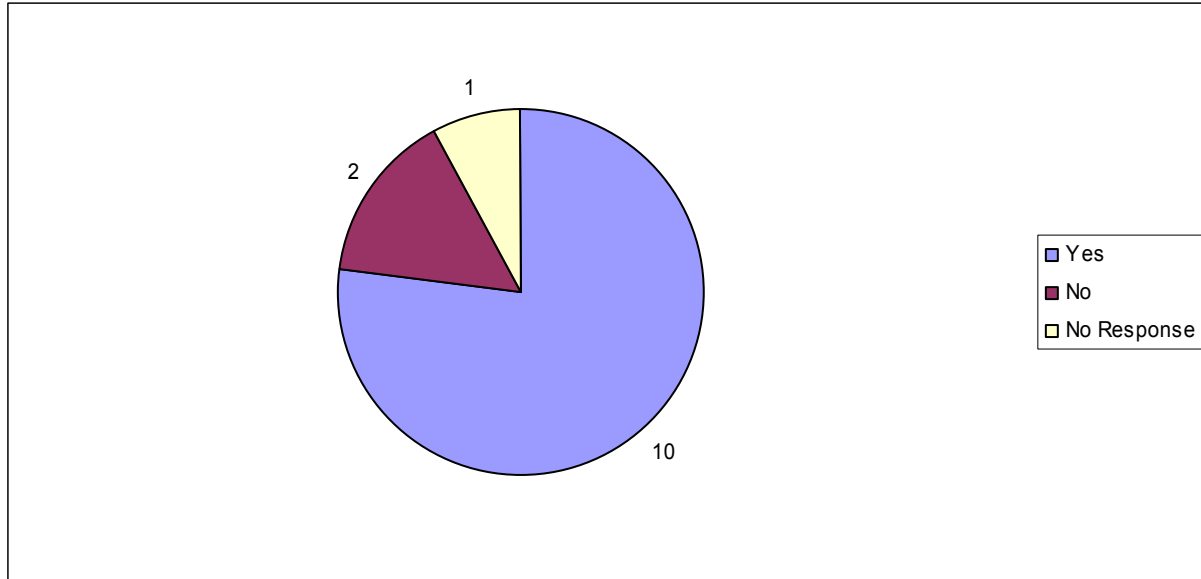

**3. Identify components of comprehensive, continuous, integrated System of Care.**

**Would you recommend this training to others?**

## Has this training resulted in you wanting to know more about this topic?

### What were the best aspects of today's training?

- Nothing it was terrible
- Objective #3
- Better understanding of what DJC is doing in the field
- Videos were helpful
- Really liked video clips; enjoyed seeing systems trying to find what works
- Understanding System of Care
- Keeping in mind individuals have MH disorders
- Video clips
- The clip (find)

### What is the one action you intend to take as a result of this training?

- Make sure no child ends up in detention
- Use a better integrated system – dual primary treatment
- Contact legislators, stay informed
- Keep aware of pilot and its data
- Review system of care in my agency
- Be more open to integration our systems

**How could today's training have been improved?**

- **Use of words that are commonly understood. Have title relate to session**
- **More audience participation**

**Other comments and/or suggestions?**

- **Title doesn't fit what this session was about. Try a title like "New Pilot Project in Detention."**
- **It's great to see people who are attending to mental health needs of youth in detention settings. Keep up the good work. Thank you.**
